SERVICES	DESCRIPTION
Clerical re-check	This service checks that all parts of the script have been marked, and that the totalling and recording of marks is correct.
Review of marking	This is a review of the original marking to ensure that the mark scheme has been applied correctly. Reviewers do not remark the script, they only correct any errors identified. They will also check that all parts of the script have been marked, and that the totalling of marks is correct.
Priority Review of marking	This is the same service as the standard Review of marking, but the marking is reviewed as a priority. This is a faster service for students whose place at a university, or other institution, depends on the outcome.
Access to Scripts (ATS)	This service provides copies of marked scripts to allow decisions to be made whether a Review of marking or clerical re-check should be requested. These can also aid teaching and learning.
Priority Access to Scripts (ATS)	This is a priority service to ensure copies of marked scripts are provided in sufficient time to allow decisions to be made whether a review of marking or clerical re-check should be requested.

The information below outlines each available service, including the cost and deadline, for each awarding body. Once you have decided the service you would like, please complete the table above by filling in the awarding body, subject title, selected service, and price. If you have any questions or need support, please don't hesitate to get in touch.
